K- KINSHIP AND COMMUNITY

“It's difficult for me to compile all of the attributes that ArtSpace has provided to my family. What stands out the most is the **person centered support & care** that has been provided to both of my children.”

- 3rd & 7th Grade Parent

“It's an exciting time for this school and if the charter program was meant to be **a catalyst for innovation in education**, then, at least in the case of ArtSpace, I think it is working.”

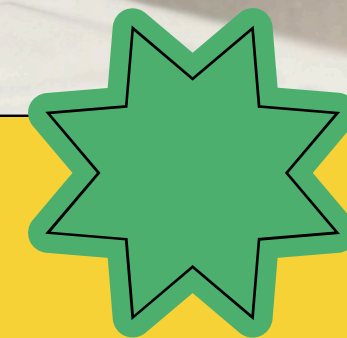

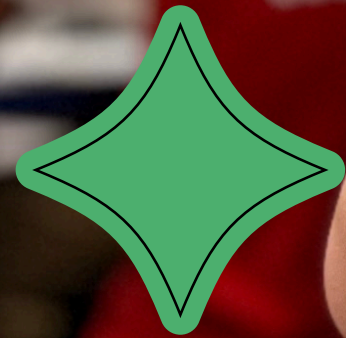

- A+ Network Liaison

“This school is truly special. The staff are intuitive and very dependable. We are offered many ways to communicate and meet. They ensure **parents are able to have a voice.**”
